

## CORONAVIRUS SERVICE UPDATE - MARCH 17, 2021

We are excited to announce some changes that will increase opportunities for engagement on campus. While there are still some unknowns about the future of the pandemic, we are looking forward to the positivity of an active spring and summer.

Because of the number and complexity of changes, we have developed two documents that will provide all the details as well as some explanation behind our approach. The first document is our "Reopening Guidelines - Post Vaccination". This provides in-depth explanation of the current views on vaccination status, mask wearing, visitation, travel, and resident-to-staff interaction. The second document is a revamped "Status of Campus Amenities" which will be updated on a consistent basis as changes are made (the most current version can be found on the Coronavirus page of Kya. Updates will also be announced on Kya). We encourage you to take a close look through both documents.

**All changes go into effect Monday, March 22.**

### SOME NOTABLE CHANGES INCLUDE:

#### Screening

Residents are no longer required to be screened before visiting campus activity spaces. However, we strongly encourage everyone to ensure they do not have a fever or any other symptoms of illness before using a shared space or spending time with other residents.

Please note you may need to visit a screening station to gain access to a locked building in certain circumstances. See "Status of Campus Amenities" for details.

#### Scheduling

All enclosed spaces will still have a maximum capacity so scheduling will still be necessary for most groups and spaces. We have installed digital scheduling screens outside of select activity rooms that will display the room's schedule for the day. Groups and individuals can reserve time in select rooms by contacting Lifestyle Enrichment at x6040 or [reservations@panorama.org](mailto:reservations@panorama.org). 30-minute closure gaps are no longer required.

#### Fitness Spaces

Fitness and exercise rooms in the Aquatic & Fitness Center and Quinault Lower Level (Quinault residents only) remain open for use by appointment only but with more appointment times available. See the [Staying Fit](#) page on Kya for more details.
