

## SERVICE UPDATE - MAY 19, 2021

### MASKS ON CAMPUS

Effective immediately, fully vaccinated residents do not need to wear masks in most campus areas (indoor and outdoor). Exceptions include Assisted Living, C&R, and select campus vendors - please continue to carry a mask with you at all times and wear it as indicated by signage.

Staff will continue to wear masks indoors but may choose to have their mask off when outdoors.

### ROOM CAPACITIES

We have adjusted the room capacities listed in the [Status of Campus Amenities](#) to align with the Indoor Entertainment category of [Washington State's Roadmap to Recovery \(Phase 3\)](#). These capacities will be in effect until June 30th - or until the Governor lifts the restrictions.

Please refer to the [Status of Campus Amenities](#) to confirm the capacity number for a particular room before visiting. These capacity changes are effective immediately (unless otherwise stated in the [Status of Campus Amenities](#)).

### FITNESS ROOMS & POOLS

Effective immediately, reservations are no longer required to use the pools, spa, and fitness rooms (including those in the Chalet and Quinault).

Starting tomorrow, the Aquatic & Fitness Center will return to its normal hours of operation:  
***Open daily from 5:00am to 6:00pm (lifeguards on duty from 9:00am to 6:00pm)***

No indoor fitness classes will be scheduled at this time. Outdoor classes begin June 14th (schedule and sign-up details will be published in the upcoming Panorama News).

### AUDITORIUM REOPENING PLANS IN DEVELOPMENT

As mentioned in the previous Service Update, the Panorama Auditorium will reopen for residents on July 7th.

Because the Auditorium has operated as a screening station for more than a year, staff need time to prepare the building for use as a theater again. In the meantime, we are developing plans for programming and will announce details soon.
