

SERVICE UPDATE - JUNE 30, 2021

Governor Inslee announced the statewide reopening and we are happy to follow suit! After 16 months of quarantine, isolation and restrictions, we are so joyful and relieved to re-establish normalcy on our campus. We did it. We made it through the darkest time of this pandemic together. While it is not over, the threat has been mitigated. Our community's resilience, patience and trust has sustained us through and is deeply appreciated. As we lift all COVID-related restrictions and transition to new ways of operating, we ask for your continued support. The major changes are highlighted below. Please refer to the [Status of Campus Amenities](#) for further details.

MASKS & SCREENING

Following CDC guidance, fully vaccinated individuals are not required to wear a mask. Unvaccinated (or partially vaccinated) individuals should follow the [CDC's mask-wearing guidance](#).

Screening is no longer required for anyone who is not a Panorama employee. We will, however, continue to provide a self-serve screening kiosk located near the reception desk in Panorama Hall for those who choose to have their visitors screened. The kiosk is available between the hours of 8:00am and 5:00pm, Monday - Friday.

STAFF

All Panorama staff will continue to screen daily. Staff who conduct work in the C&R and Assisted Living will continue to wear masks at all times in accordance with healthcare regulations. All other staff will follow the [CDC's mask-wearing guidance](#) according to their vaccination status.

This means you will start to see some staff working indoors without masks. Exceptions include:

- For work conducted inside Independent Living homes, the resident may request that the staff member wear a mask regardless of vaccination status.
- For unscheduled house calls (i.e. from Security or Urgent Response), staff members will assume the resident wants them to wear a mask.
- Some vaccinated staff may choose to wear a mask based on their own level of comfort.

CAREGIVERS

All caregivers will no longer be required to screen and fully vaccinated caregivers are no longer required to wear a mask. If it is important to you that your caregiver continues to wear a mask and/or screen at the self-serve kiosk, you should communicate your wishes directly with your care agency.

SERVICE PROVIDERS

All service providers will no longer be required to screen and fully vaccinated service providers are no longer required to wear a mask. If you would prefer that the service provider wear a mask while in your home, you can request this when making the appointment. If a Panorama staff person is arranging the service, you can make your preference known to the staff person.

GUESTS & VISITORS ON CAMPUS

Guests and visitors are welcome in all areas on campus. This means groups can schedule a non-resident speaker and your family can visit with you in common spaces (indoor and outdoor).

CAPACITY LIMITS

There are no longer COVID-related capacity restrictions for indoor and outdoor spaces. This means no restrictions on gatherings or activity rooms.

AUDITORIUM

The theater will reopen on July 7th. The Lifestyle Enrichment Department is busy scheduling entertainment for the upcoming months. Movies will be shown on Wednesdays, Thursdays and Fridays throughout the month of July. See the monthly Activity Calendar in the Panorama News for more details.

FITNESS SPACES

The Aquatic & Fitness Center is operating as normal and without capacity restrictions. It is open daily from 5:00am to 6:00pm (lifeguards on duty from 9:00am to 6:00pm). The indoor fitness class lineup has been scheduled and will begin with the fall session (September). The apartment building fitness rooms are also fully reopened.

SEVENTEEN51 RESTAURANT & BISTRO

The restaurant will be undergoing construction from July 5 through mid-August. During this time, we will offer a limited Panorama Eats menu for lunch deliveries only. Menus will be posted to Kya with new selections available every Friday. Call x6623 to place your order. We hope to fully reopen the restaurant by the end of summer.

ANNOUNCING NEW CASES

Cases of COVID-19 on campus will continue to be reported on Kya, Panorama TV, and the readerboard. Email notifications will be discontinued.

If you would like to be alerted each time a new case is reported, you can sign up for Kya email notifications. Instructions are posted on Kya in the help section under "Tech Tips".
