

Panorama Security Incident

Panorama, in conjunction with the Panorama Resident Council want to make you aware of an event that occurred on our campus.

Date: 10/18/2021

Time: reported 9:30AM

Location: Chambers Lake Lane

Event

Resident reported bicycle/trike was stolen. a day or 2 ago. The bicycle/trike was locked with a U lock installed but still did not prevent the theft. This is the 4th bicycle/trike stolen in the past 2 weeks.

Action Taken

Security was able to identify the thief entered the property through the Chehalis Trail Dog Park gate due to that lock being cut. A camera was then set up to monitor this area. As a result, clear video footage of the thief was captured and has since been given to Lacey Police Department to assist in investigation. Resident advised to file a police report with the Lacey Police Department. We are also in contact with Lacey PD regarding additional campus patrols and assistance in preventing further thefts. All Panorama staff routinely on campus have been asked to maintain awareness and report any suspicious activity.

Recommendations to Residents

If possible, lock bikes in areas that are out of street view; it is worth investment in a high quality U-style solid metal locks or other “theft proof” style lock over chain or cord style locks that can be cut more easily.

Please be diligent in reporting any suspicious activity.
